DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-5 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

a. The invention as disclosed requires two handles and jaws. There is no support for a tool having only one handle without jaws and an additional handle.

Allowable Subject Matter

2. The following is a statement of reasons for the indication of allowable subject matter: if the 112 first paragraph rejection is overcome the combination of at least two handles with one handle having a socket with screw threads inside of the socket openings and a jaws would possibly be allowable.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Rivera, Anderson et al, Berg et al, and Cachot disclose an invention..
